FLU SEASON WHAT TO KNOW:

Flu is very infectious and easily spread to other people. You are more likely to give it to others in the first five days. Flu spreads germs from coughs and sneezes, which can live on hands and surfaces for 24 hours.

Let us avoid the risk of spreading influenza:

- Wash your hands often with warm water/soap.
- Use tissues when you cough or sneeze.
- Throw away used tissues as quickly as possible.
- Avoid close contact.
- Cover your mouth and nose.
- Avoid touching your mouth and nose.
- Practice good health habits.
- Stay home when you are sick.

Avoid coming to school if you are sick. Most important visit your Pediatrician or Family doctor for instructions to follow throughout this season of influenza. When returning to school students must bring medical excuse indicating they can return to school.

*May your troubles be less
and your blessings be more
And nothing but happiness
come through your door*

Parent's Reminder- Please inspect your child's uniforms every day, as such has to meet all dress code requirements. Boys, remember that your haircuts must be basic and girls no colored nail polishes.

Please remember that student ID's must be worn everyday as they are part of the dress code requirement

RAMS in Action

Please remember our campaign for the Pediatric Ward. . Thank you and let us continue helping one another. Your generosity will help many children.
